Mr. Rahul Kalate

School Vice Principal

Ms Geeta Lakkad

Our Belief

- 1. Children are not just roll numbers, they are unique individuals.
- Every child is talented. Schools just need to figure out, where that talent lies.
- 3. A school's role is developing the whole individual, and not just completing the syllabus.
- 4. Holistic development needs partnership between schools and parents.

Vision/Mission

Mount Litera School will provide a complete and unique educational experience for the child, preparing him / her for a successful life in the contemporary society. The vision of Mount Litera School envisages:

- To create an excellent educational institution synthesizing the human values with the highest quality of teaching-learning using modern technology-driven tools for preparing a well-rounded personality for our society.
- To nurture the unique potential in each child.
- To impart knowledge and an acute understanding of values through a voyage of self-discovery and learning aided by nature and technology.
- To empower each child through the development of their cognitive, emotional, physical and social skills
- To provide to parents a friendly, transparent and professional experience across the range of their interactions with us.
