Mount Litera School**

Mr. Rahul Kalate

School Vice Principal

Ms Geeta Lakkad

Our Belief

1. Children are not just roll numbers, they are unique individuals.
2. Every child is talented. Schools just need to figure out, where that talent lies.
3. A school's role is developing the whole individual, and not just completing the syllabus.
4. Holistic development needs partnership between schools and parents.

Vision/ Mission

Mount Litera School will provide a complete and unique educational experience for the child, preparing him / her for a successful life in the contemporary society.

The vision of Mount Litera School envisages:

- To create an excellent educational institution synthesizing the human values with the highest quality of teaching–learning using modern technology-driven tools for preparing a well-rounded personality for our society.
- To nurture the unique potential in each child.
- To impart knowledge and an acute understanding of values through a voyage of self-discovery and learning aided by nature and technology.
- To empower each child through the development of their cognitive, emotional, physical and social skills
- To provide to parents a friendly, transparent and professional experience across the range of their interactions with us.
